

We raise funds needed to help in the fight of blood cancers. 100% of all proceeds will benefit the Michelle Lunn Hope Foundation to award scholarships, provide financial assistance to patients and help fund research through the Van Andel Institute (VAI) to cure cancers and improve the quality of life of patients and their families.

This outing is in memory of Michelle Lunn who at the young age of 22 lost her fight with acute lymphoblastic leukemia on July 21, 2007, as well as all others who have died or are currently battling blood cancer.

Some Blood Cancer Facts:

- Every 3 minutes someone is diagnosed with blood cancer. Every nine minutes, someone dies of a blood cancer.
- Leukemia causes more deaths among children under the age of 20 than any other cancer.
- An estimated 1,237,824 people in the US are either living with, or are in remission from, leukemia, lymphoma or myeloma.
- Leukemia, lymphoma and myeloma was expected to cause the deaths of an estimated 58,320 people in the US in 2016.

You can deliver the hope that future generations will not have to endure cancer threatening the lives of their friends and family. You have the power to fight back against diseases that affects millions.

Michelle Lunn
11/9/84—7/21/07
